### ***Allowable Subject Matter***

Claims 1, 3-4, 6-10, 13, 16-23, 25, 30-35 and 38-41 are allowed.

The following is an examiner's statement of reasons for allowance: The closest prior art known to the Examiner is listed on the PTO 892 and IDS forms of record. None of the references anticipate, or make obvious, *inter alia*, a DC grounded support, wherein the plasma is supplied from an RF power source connected to an electrode opposing the grounded support; and setting the film such that carbon containing groups and Si-H bonds are contained therein and the film has a dielectric constant of 2.55 or less, wherein the oxidizing agent is oxygen, as required by the present Claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
